Bath & Spa Product Catalog 2025

HISTORY OF ALWAYS HOME HERE

Today, Always Home Here offers handcrafted, organic bath and body products infused with purpose and care. From rich body butter to calming CBD soaks, every item celebrates clean ingredients and natural healing. This isn't just about skincare—it's about creating a sense of home, wellness, and trust in every product we share. Everyone deserves to feel safe, soothed, and always home here.

Founded in 2022, Always Home Here began with a father's deep concern for his family's health and well-being. As a father to six daughters, Jim couldn't ignore the harmful ingredients commonly found in everyday bath, beauty, and spa products. What started as a curiosity quickly became a passion rooted in research, responsibility, and a drive to do better.

Jim spent years researching the science behind skincare, studying ingredients, and connecting with experts—chemists, farmers, and researchers—who shared his vision for something more natural, more honest, and more effective. The result? a line of bath and body products made with real, organic ingredients that are as safe as they are luxurious.

Along the way, one discovery stood out: the hemp plant. Jim was fascinated by its wide-ranging benefits, both in skincare and across wellness and sustainability. From oil and protein-rich flour to clothing, paper, and even biodegradable plastic, hemp offered a natural potential. Most importantly, when combined with CBD's calming, anti-inflammatory properties, it became a powerful ingredient in the soothing, restorative products he set out to create.

WHY CBD? THE NATURAL POWER BEHIND OUR PRODUCTS

CBD is known for its anti-inflammatory properties, helping to reduce redness, calm irritation, and bring balance to stressed-out skin. Feel the tension melt away. Whether you're sore from a workout or need to unwind, our CBD-infused products help ease tightness and support recovery.

Packed with antioxidants, CBD helps fight skin-damaging free radicals and encourages a healthier, youthful glow. CBD can promote a deep sense of calm and relaxation. Combined with warm water and our soothing ingredients, it's the perfect way to reset mind and body.

CBD works harmoniously with rich, organic oils and butters to help your skin stay soft, smooth, and deeply moisturized.

CBD is just one of the many ways we help you feel good, in your skin and in your soul.

A collection of natural skincare products is displayed. In the top left, a wooden bowl is filled with white sea salt, with a small wooden scoop resting inside. Next to it are two bars of soap, one light-colored and one darker. Below the salt bowl, there are several pump bottles of different sizes and colors (white, yellow, and brown). In the bottom left, there is a small jar and a brush. In the top right, a lit candle in a glass holder is visible. The background is a soft, out-of-focus grey.

OUR PRODUCTS AVAILABLE WITH OR WITHOUT CBD

At Always Home Here, we believe in the restorative power of clean, natural ingredients—and while we're passionate about the benefits of CBD, we understand that every journey to wellness is personal. That's why we offer a carefully curated line of products both with and without CBD, so you can choose what feels best for your body and lifestyle.

Even without CBD, our products are packed with organic, plant-based ingredients that bring comfort and care to your daily routine. Think calming lavender, moisturizing shea butter, exfoliating sea salt, and healing calendula—all chosen for their gentle, practical benefits. Every ingredient has a purpose. Every product is made with care. No matter what you choose, you can trust that you're bringing home something safe, nourishing, and made with love.

BATH BOMBS & BATH POWDER – PACKAGING AND LABELING

Choose from various colors and over 100 fragrances, sizes, designs, and materials to create packaging that perfectly matches your brand or special occasion.

From elegant boxes to eco-friendly wraps, our custom packaging enhances your product's presentation while keeping it safe and secure.

We offer packaging that meets your special needs for a special event or personal gift.

Whether you want to include your brand's logo, a unique scent description, or even a special message, we work with you to create the perfect label that genuinely stands out.

With our personalized packaging and labels, every bath bomb becomes a thoughtful, distinctive gift or a standout product that reflects your commitment to quality and care.

Luxurious

Candles

LUXURIOUS SOY WAX

Experience the calming power of nature with our handcrafted soy candles, made from U.S.-grown soybeans and premium 444 soy wax. Each candle is blended with all-natural, organic ingredients and can be infused with CBD to help ease anxiety and promote relaxation. Clean-burning, eco-friendly, and thoughtfully made — light one up and let serenity fill your space.

Custom Packaging for a Lasting Impression

We know presentation matters — the first thing your customers see and feel. That's why we offer custom packaging solutions that transform your candles into a complete, memorable experience.

Perfect for retail, gifting, or special events, our packaging is designed to impress. Each candle box is sturdy, stylish, and fully customizable, with various colors, designs, and finishes to match your brand or occasion.

Make your candles stand out — inside and out.

Choose from over 100 fragrances and colors, all derived from natural materials. Clean-burning, eco-friendly, and thoughtfully made — light one up and let serenity fill your space. With or without CBD.
